## **Rubber Inc. Announces New Gaither 35 Ton Service Jack**

190

**NEW**

This very latest Gaither jack incorporates many benefits including 35 ton rating making it the perfect lifting choice for an extensive range of large vehicles. It carries a very wide hydraulic cylinder and three heavy duty wide adaptors to give it stability when lifting loads that tend to shift.

This solid base makes the new jack very durable and safe to operate. It also provides a low minimum height facility enabling clearance on vehicles with low suspension and with the three adaptors as options this product is able to lift high trailer assembly's loaded or unloaded without issue.

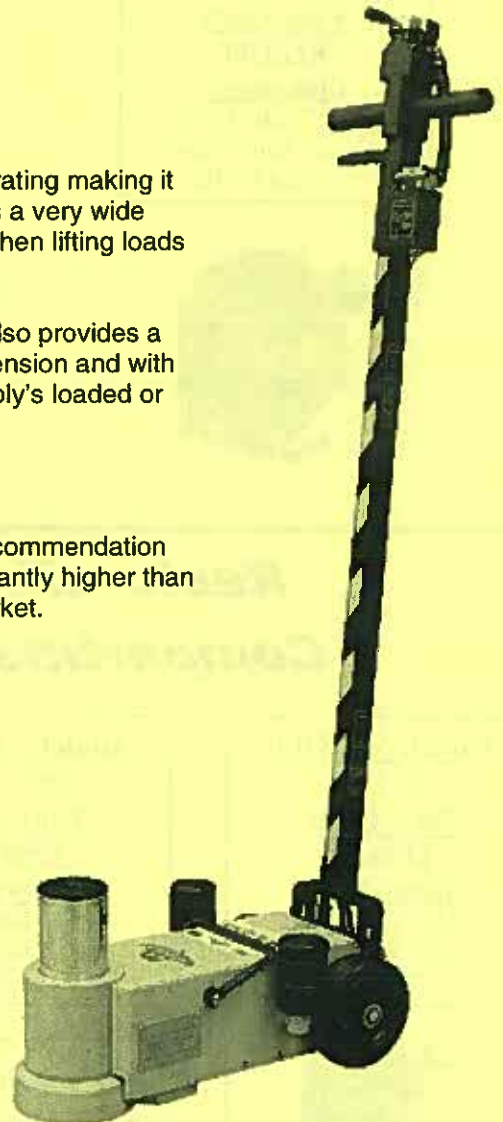

**Min Height: 7.3"      Max Height: 20"**

The GT-3531 has been extensively tested, certified and carries official recommendation for carrying out up to a minimum of 30,000 lifts without fail. This is significantly higher than all competitive products and absolutely unique to the North American market.

### **3 YEAR WARRANTY**

**Part No:**  
GT-3531

**Your Cost:**  
**\$1,180.35**
